

NORTHEAST FOOD AND DRUG OFFICIALS ASSOCIATION

PROMOTING PUBLIC HEALTH, EDUCATION, AND COOPERATION SINCE 1911

Our Mission:

To protect and provide for the public health through education, training, promotion of current public health principles, and through uniformity in the promulgation and enforcement of food and drug laws and regulations.

Why You Should Join NEFDOA:

Founded in 1911, the Northeast Food and Drug Officials Association (NEFDOA) is an international, nonprofit, and democratically run organization. It invites all members of regulatory agencies, regulated industries and academia who are concerned with the development and enforcement of uniform food, drug, product safety and other consumer protection laws.

NEFDOA is a regional affiliate of the Association of Food and Drug Officials (AFDO) and is comprised of food, drug, health, consumer protection, safety and industry officials in the states of Connecticut, Maine, Massachusetts, New Hampshire, New York, Rhode Island, Vermont and the Atlantic Provinces, New Brunswick, Newfoundland, Nova Scotia, Prince Edward Island, Quebec and Ontario in Canada.

As a member of NEFDOA, you will meet and cooperate with leaders from regulated industries, state, county, municipal, federal, regulatory agencies and professionals from universities and research institutions. NEFDOA members are encouraged to join AFDO and to become active in national food and drug matters as well as regional activities. AFDO is affiliated with six regional associations, and a representative of each sits on the Association's Board.

Once a year, NEFDOA holds a four day educational conference offering CEU'S this conference attracts leaders from regulatory agencies, regulated industries, and academia as speakers. Current challenges are sure to be discussed in formal sessions, round- table discussions, various committee meetings, and informally at many social events. The location of this conference varies and is held in a different state or province each year.
